# Ceremony Planner

The Ceremony Planner is organized in the order of a typical Rose Wade Events Ceremony. Each section has recommended music selections ranging from Traditional to Non-Traditional, and the option to place your custom selection. Please select, type in, and or include a link for your ceremony music choices below. Please note special instructions where desired.

Section denoted with \* indicates an optional section of the ceremony you may or may not be doing. Only make a music selection here if you are including this option in your ceremony.

If you have any questions or require further information please contact our Master DJ Larry at larry@rosewadeevents.com

This planner, together with Reception Questionnaire/Planner and song lists, should be returned to Larry at Rose Wade Events just prior to your final music detail meeting a month prior to your wedding date. But no later than 2 weeks prior to your wedding date

# Top 15

Please use this sheet to list the 15 song titles and artists that are most important to you. The music placed on the Top 15 are in addition to the selections made on the planner sheets and do not need to come from our provided song list.

Every attempt will be made to include these titles in the music programming of your event. At your event, the DJ will do his/her best to incorporate the Top 15 songs at times that are the most appropriate for their style.
